WE CON VERGE

An Intimate Dialogue on
Shaping the Future of
Urban Work Spaces.

The Workplace Evolutionaries (WE) is a global workplace community of practice within IFMA. WE are converging in Denver, before World Workplace 2023, to explore the evolution of our industry, the emergence of the 15-minute city, impact of how a workplace strategy informs a city & how the city informs the workplace strategy. Join us for this highly interactive session with leading experts to guide us through conversations on how the Future of Work influences building design, urban communities, and the cities of tomorrow.
